United Nations Institute for Training and Research

CL/ct/2011/0561

05 August 2011

Dear MM. Baecher and Dutreix,

Following your exchanges with UNITAR staff in New York, Brasilia and Geneva, I wish to express the United Nations Institute for Training and Research's (UNITAR) interest and support for the ScenaRio 2012 project.

By gathering the opinions of young citizens and leaders throughout the world on today's critical challenges linking environment, development and global governance, I am confident that ScenaRio 2012 will bring an innovative contribution to Rio+20 and positively influence the outcome of the Conference.

Colleen Thouez, senior research and training adviser, will be the UNITAR focal point to ensure cooperation on the road to Rio+20 in the context of activities planned including the Knowledge Fair during the Conference, and the Green Dreams initiative, among others.

I wish you all the best in the accomplishment of your initiative and look forward to seeing you again soon.

Yours sincerely,

*p.o. A. Stepp, OIC*
