

5 May 2011

Dear Mr. Baecher,

Following discussions held between Nomadeis and UN-HABITAT with the view of exploring possible venues of cooperation, this letter signifies the intent of partnership between our organizations on the 'Scenario 2012' project.

Given the importance of Youth opinion on urban issues, we believe that this project will add a great value to the Rio +20 process.

Your collaboration on the matter would confirm your strong dedication to our mandate to support sustainable urbanization.

Should your organization be in agreement, we would appreciate we could elaborate further on the specific areas of this partnership before the commencement of our cooperation.

I am confident that the collaboration between UN-HABITAT and Nomadeis will enrich the knowledge on the private sector's contribution to sustainable urbanization.

Yours sincerely,

Christine Auclair
Chief, Private Sector Unit
